A couple of things ...

Ms. Margaret is currently preparing the **2019 tax statements**. They will be ready on or around January 20th. They will be placed in your child's file folder.

Also, we are so pleased to announce that we are converting to a new **electronic billing program** called **BRITEWHEEL** (britewheel). We will be launching February 1st and every family will be invited to download this amazing APP. With it, you can receive and pay your tuition online from home, direct message your child's teacher, update your students personal information and so much more!! We have been inputting data for weeks to prepare for the launch and we just ask for your patience and support as we roll this system out. In the long run, it is going to be an amazing tool for our school community.

More info will be coming soon – watch for it!
